Display VIN-specific F&I products, rates, and content through integrated F&I menu

Integrated Desking

Real-time API connects payment details between your website and desking software

• DMS Push

DealerSocket's CRM customers can push desked deals to the DMS for completion • To-The-Penny Pricing

Accurate dealer calculations with taxes, fees, and incentives factored into deal calculations

• Your Branding

Branded to match your process, PrecisePrice lives on your website (not a subdomain)

The industry's only deskingand DMS-integrated digital retail platform.

Are You Digital Retail Ready?

With so many options in the market, how do you decide?

- Pricing: 57% of consumers want to receive your best price upfront.
- **Financing and Payments:** Car shoppers must be able to self-discover their buying power without giving up their personal data.
- **F&I Products:** Protect this critical profit center by educating consumers with digital content and accurate pricing so they can make an informed purchase.

Drive sales like never before.

The new age of car shopping includes the ability to research vehicles, configure a payment, and connect with a local dealership as efficiently as possible.

Partner > Provider

It's not just another lead. True digital retail adoption requires buy-in across the organization, and we're here to ensure you are set up for success.

Omnichannel Retailing

A connected retail experience between devices, your website, and your dealership.

- Mobile-optimized, website-native functionality
- Operates on any website platform
- Configurable calls to action (SRP and VDP)
- Industry-first "Save and Finish Later" functionality
- Google Data Studio Reporting
- In-store kiosk

Accuracy

Ensure your shoppers see the same price, whether at home or in your showroom.

- Dealer terms and discounts
- OEM-integrated incentives
- Trade book configuration
- ZIP code-specific taxes and fees
- VIN-specific F&I menus
- Lead identity validation

Efficiency Driver

Consumer actions within PrecisePrice sync in real-time with integrated desking software, which means no more missed leads.

- Real-time payment calculation engine
- Home-delivery test drives
- Deal packet sync with desking
- Industry-first "Save and Finish Later" functionality

Integration

By integrating with existing dealership software systems, PrecisePrice allows consumers to get the same price at home or in the dealership.

- Direct post to CRM*
- Test drive appointment scheduler*
- Push to DMS*
- F&I menu powered by F&I Express

Okay, you're all set!
